25X1 MEMORANDUM FOR: [redacted]

SUBJECT: Staff Meeting of 28 August

25X1 1. [redacted] reported on our discussion with Ed Gleason at the NSC and on our discussion of late yesterday afternoon. Brief consideration was given to the possible strategy of laying the NSC 68 successor paper before the IAC. It was tentatively agreed that it would be feasible to have the paper available for distribution at the meeting of 30 August and at that time, in presenting it to the members, to request comments at an early date thereafter with the idea that the paper would again appear on the agenda for the meeting of 6 September for final distribution (consideration) before the deadline of 10 September.

25X1A9A 2. [redacted] also reported that General Donovan had requested from CIA [redacted] papers on the [redacted] case. Action has been given to General Counsel's office.

25X1A9A [redacted] 3. The Assistant from the Administrative Office reported that [redacted] had been named Security Liaison Officer with PSB on the request of Chief Edwards who felt that with the extensive flow of Top Secret and Eyes Only materials to PSB, some special security responsibility rested with this Agency.

4. It was also reported that progress was being made on the Langley site and that a conference with Byrd and the Junior Senator had been arranged.

5. The briefing of Admiral Fechteler has been set for Friday when he will have lunch with the Director and the briefing by the Director and the Deputies will probably take place in the Director's office.

6. I reported on the conclusion of the debriefing arrangements and it was suggested that we prepare an item for the Log on this subject.
